PROFILE

ICT student at Turku University of Applied Sciences, specializing in Data Engineering and AI, looking for my first experience in the ICT field. I bring a strong work ethic and versatility developed through diverse part-time roles. I have the ability to adapt quickly in both independent and collaborative settings, with a track record of delivering results under pressure. My key competencies include problem-solving, teamwork, effective communication, and an eagerness to learn, all coming from hands-on experience. I am eager to apply these skills to contribute effectively to your team and projects.

SKILLS

- Programming languages: Python, Java
- Data analysis and visualization: Power BI, Excel, Matplotlib, NumPy, Pandas
- Machine learning: Scikit-learn, TensorFlow
- Databases: SQL (MySQL)
- Cloud services: Azure (basics), AWS (basics)
- Version control: Git, GitHub
- Project Management: Jira, Confluence, Scrum, Agile Methodology
- Web development: WordPress, HTML, PHP, CSS, JavaScript
